Glass art
Glass garden ornaments
Papercraft
Mosaics - pots/garden tiles

I love art and craft and I love teaching people about it! I teach at university, college, adult education and at my own workshops. I have demonstrated and talked about all the subjects here, as well as running hour, half day, day and regular workshops. My aim is to inspire people to go and try new subjects and techniques.

The talks are fun and interactive. The workshops are relaxed and everyone produces a fantastic piece of art.

Talks from £40 depending on location and duration.

Workshops from £5 per person depending on numbers, location, duration and project. \*minimum charge applies.

I have project talk/workshop information for each of the subjects above. Let me know what you are interested in and I'll send you those with specific pricing.

There will be lots of pictures too.

I look forward to working with you and inspiring your group!
