## Workshop, Course and Retreat Information

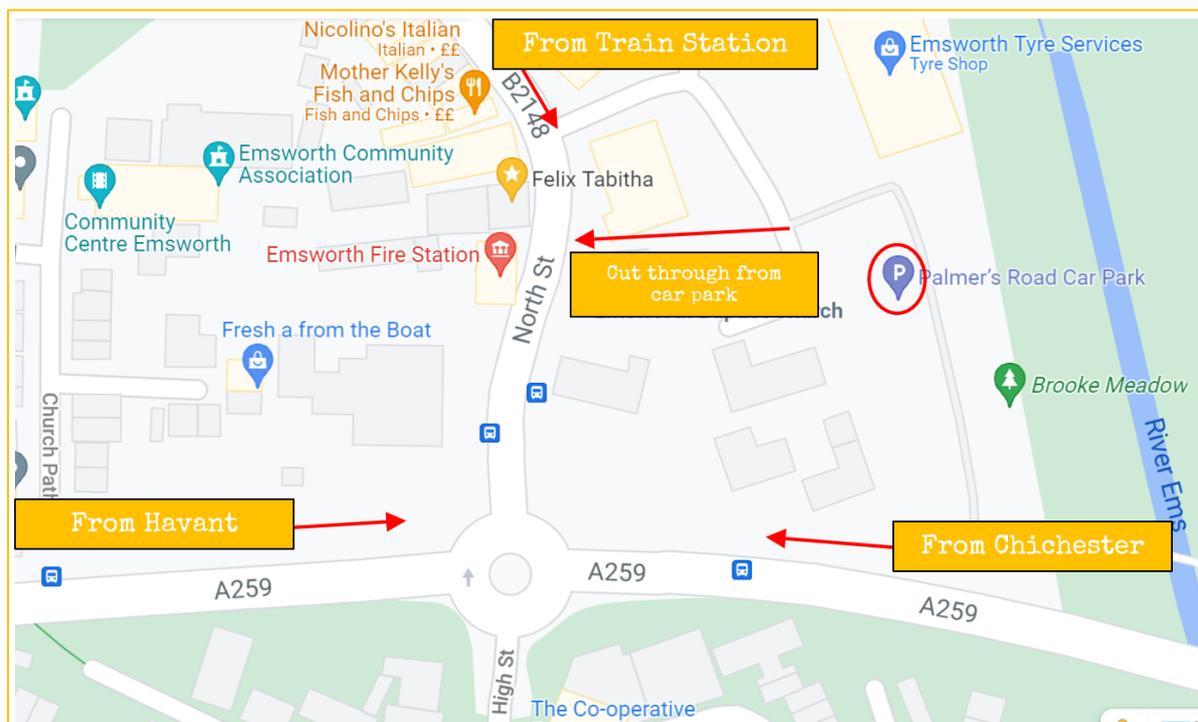

We are really looking forward to seeing you soon. Some info to help you ready for your visit.

### To get to us:

Please see below a map of where we are. **Our address is The Old Post Office, 12 North Street, Emsworth, PO10 7DF.** We are next to the fire station and opposite Tesco Express. The nearest parking is the Palmer's Road Car Park behind Tesco or North Street next to the fire station. Parking details:

- Palmer's Road car park (120 spaces) 1 min walk is £1.90 for 2 hours
- North Street car park next to the fire station (34 spaces) 1 min walk is £1.90 for 2 hours
- Bridge street (54 spaces) is free and a 7 min walk
- Other car parks at the station and in South Street, Emsworth (approx. 7 min walk)

We are a 5-10 minute walk from the train station and near the bus stops from Portsmouth and Chichester/Bognor.

## **Refreshments**

We will provide refreshment drinks and usually some cake! If you would like breakfast or lunch, there are lots of options around Emsworth, but nearest to us Retis Petit Pain next door or Café Moka across the road, as well as Tesco's.

## **What to wear or bring**

We would suggest bringing a notebook and pen to write down techniques or anything you would like to remember. An equipment or materials list will be sent separately if required, otherwise, just bring yourself! Please wear closed toe shoes for safety and layers in case you are too hot or cold.

## **Other info**

Please make sure you listen to and comply with all health and safety information that your tutor will tell you about. You will be provided with any health and safety equipment that you may need. You could bring an apron if you wish. Also be aware of fire exits and please note this is an old building, so take care when walking around. Please let your tutor know if you have any allergies or health needs.

## **What previous knowledge, experience or qualifications do you need?**

Beginners and those with some experience would benefit equally. You will learn in a friendly environment with all appropriate Health and Safety provision with a combination of introductory talk, demonstration, practise with individual support, discussion and course notes to take away.

## **Are there any additional costs?**

Materials will be charged by weight in most cases, or will be included in your workshop fee (check the details), but is dependent on the size and complexity of your designs. Some workshop creations will need to be fired and picked up approx. 2 weeks later.

## **What can I do next?**

Try one of our courses, other workshops or retreats!

Courses are designed to progress students to higher levels of the craft and to support application to Access to Art and Degree Foundation courses if you would like to!
