26th July	2-4	Pottery Mug	Summer

CREATE

A Creative workshop club for children and teenagers that are out of main stream education and would like to experience different creative arts and crafts.

HOW DOES IT WORK?

- Sign up for a 'term' – 6 sessions every other Friday afternoon 2–4pm.
- During the 'school' holidays you can join our Kids Club Holiday sessions at a reduced rate.
- The sessions are 2 hours and include all materials, firings (if req) and refreshments including cake.
- There will be some theory of the art or craft form to add to an optional portfolio of learning.
- We will spend at least 1.5 hours of practical, hands on activity.
- There will be optional 'homework' to do in the time between sessions.

The workshops are taught by an experienced and teaching qualified teacher who loves being creative and teaching young people!
